DOLCE FLAV

PRODUCT SPECIFICATION SHEET

Natural Cookie Butter Extract

Product	Natural Cookie Butter Extract
Product reference	natural-cookie-butter-extract
Listed ingredients	propylene glycol and natural flavors
Solubility / format	Water-soluble
Applications	Water-based drinks, batters, frostings, and more

Specification scope

This sheet records published product information. It does not establish analytical acceptance limits, density, pH, flash point, shelf life or batch test results.

Product-specific limitations

Follow the current product directions; validate performance in the intended recipe and processing conditions. No numerical temperature or stability limit is established by this sheet.

Source and revision

Current Dolce Flav product record, reviewed October 9, 2026. Product page.

Natural Cookie Butter Extract

Application and mixing

Water-based drinks, batters, frostings, and more.

Use a formula compatible with the recipe. Oil-soluble and water-soluble products are not automatically interchangeable. This concentrate contributes flavor or color; it does not replace structural recipe ingredients.

Use guidance

General flavoring starting guidance: 0.3-0.6% of total recipe weight (1.5-3 g in a 500 g batch). This is not a product-specific validated specification; product directions take precedence. Test the finished recipe before scaling.

Processing limits

Follow the current product directions; validate performance in the intended recipe and processing conditions. No numerical temperature or stability limit is established by this sheet.

Quality and document requests

For a lot-specific Certificate of Analysis, provide the product name and lot shown on your bottle. Request the current formula-specific SDS and manufacturer-confirmed INCI declaration separately. This technical sheet does not certify cosmetic suitability or establish a safety classification.

Storage and handling

Follow the current bottle label and product-specific instructions. Numerical storage limits and shelf life are not established by this sheet.

Declared ingredients

propylene glycol and natural flavors
