

Citrus Flavor Intensifier Water Soluble

Product	Citrus Flavor Intensifier Water Soluble
Product reference	citrus-flavor-intensifier
Listed ingredients	Citric acid solution; full ingredient declaration is not listed in the current product record.
Solubility / format	Not specified in the current product record; confirm before substituting formulas.
Applications	Adding tartness to gummies, candies, baked goods, and more; use alongside other flavors

Specification scope

This sheet records published product information. It does not establish analytical acceptance limits, density, pH, flash point, shelf life or batch test results.

Product-specific limitations

Follow the current product directions; validate performance in the intended recipe and processing conditions. No numerical temperature or stability limit is established by this sheet.

Source and revision

Current Dolce Flav product record, reviewed October 9, 2026. [Product page](#).

Citrus Flavor Intensifier Water Soluble

Application and mixing

Adding tartness to gummies, candies, baked goods, and more; use alongside other flavors.

Use a formula compatible with the recipe. Oil-soluble and water-soluble products are not automatically interchangeable. This concentrate contributes flavor or color; it does not replace structural recipe ingredients.

Use guidance

Current product use level: 1-3% of total batch weight. The page instructs users to omit the citric acid dissolved in water from the original gummy formula when using this solution. Validate the complete recipe before scaling.

Processing limits

Follow the current product directions; validate performance in the intended recipe and processing conditions. No numerical temperature or stability limit is established by this sheet.

Quality and document requests

For a lot-specific Certificate of Analysis, provide the product name and lot shown on your bottle. Request the current formula-specific SDS and manufacturer-confirmed INCI declaration separately. This technical sheet does not certify cosmetic suitability or establish a safety classification.

Storage and handling

Follow the current bottle label and product-specific instructions. Numerical storage limits and shelf life are not established by this sheet.

Declared ingredients

Citric acid solution; full ingredient declaration is not listed in the current product record.
